NATIONAL JUNIOR SPONSORSHIP AWARDS 2025

On behalf of the Government and the people of Bermuda, I take this opportunity to congratulate the 2025 National Junior Athlete Sponsorship Programme recipients. This year's awards continue our strong tradition of identifying and investing in Bermuda's most promising young sportsmen and women.

This year, the Ministry has allocated a total of \$50,000 to support ten junior athletes and five National Sports Governing Bodies (NSGBs). These funds will assist with equipment purchases, coaching fees, international training and competition travel, and other vital resources. Our Programme goal remains clear: to provide encouragement and development opportunities to Bermudian junior athletes, aged 15 to 19, who demonstrate commitment, notable achievement, and strong potential in their chosen sport.

In some cases, funding will support an individual male or female athlete. In others, it will assist NSGBs to bring in overseas coaching expertise for cohorts of junior athletes who meet the Programme's criteria. This dual approach allows us to tailor support based on the specific needs of our developing talent, ensuring that no opportunity for growth is left untapped.

We are also pleased to announce the fourth presentation of the Flora Duffy Award, named in honour of one of Bermuda's most accomplished Olympians and sporting ambassadors. This year, \$10,000 has been allocated to support one athlete between the ages of 19 and 23 who shows clear promise, commitment, and achievement. The award is intended to assist a Bermudian athlete not currently receiving elite athlete assistance, providing crucial support as they progress toward elite status.

As always, we are proud to celebrate the dedication, discipline, and passion demonstrated by our junior athletes. They continue to be shining examples of what is possible with the right support and perseverance. With the encouragement of their families, coaches, NSGBs, and the wider community, these athletes are not only excelling individually but also helping to raise the standard of sport in Bermuda.

In closing, I wish to express my sincere gratitude to the Department of Sport and Recreation and all those who continue to go above and beyond in supporting the growth and development of our young people. The National Junior Athlete Sponsorship Programme is not just an investment in sport, it is an investment in Bermuda's future.

Yours sincerely,
