GOVERNMENT OF BERMUDA
Ministry of Tourism & Transport, Culture & Sport

INTRODUCTION

Elite competitions are pinnacle events that showcase the highest levels of skill, mastery, competitiveness and sporting excellence. The Elite Athlete Sponsorship (EAS) initiative has been providing financial support to elite athletes to enable them to reach the highest level whilst representing Bermuda. This initiative, funded by the Department of Sport and Recreation, is paid directly to the athletes and contributes to athletes to fully engage in a sport's high-performance programme that meet the demands associated with competing and representing Bermuda at regional and world level.

PROGRAMME GOALS

The EAS funding will be made available directly to Bermudian athletes who are competing at regional or world level. Funding is available for athletes 19 years or older that are currently demonstrating the commitment, performance and potential to continue to represent Bermuda at recognized regional or world level events.

This funding can be used to help elite athletes to access training and competitive opportunities, purchase equipment and to cover costs associated with attending regional or world events. Additionally, this funding is meant for athletes who are currently on the pathway to represent their sport or Bermuda at senior regional or world events. Our investment principles are aligned with the National Sports Policy (2022-2027) and the ambitions of 'achieving sporting excellence regionally'.

This reflects our ambition to develop a more sustainable, healthy and efficient sporting ecosystem, and acknowledges that this will take time.
