ADDENDUM 3

The following questions have been received from potential bidders.

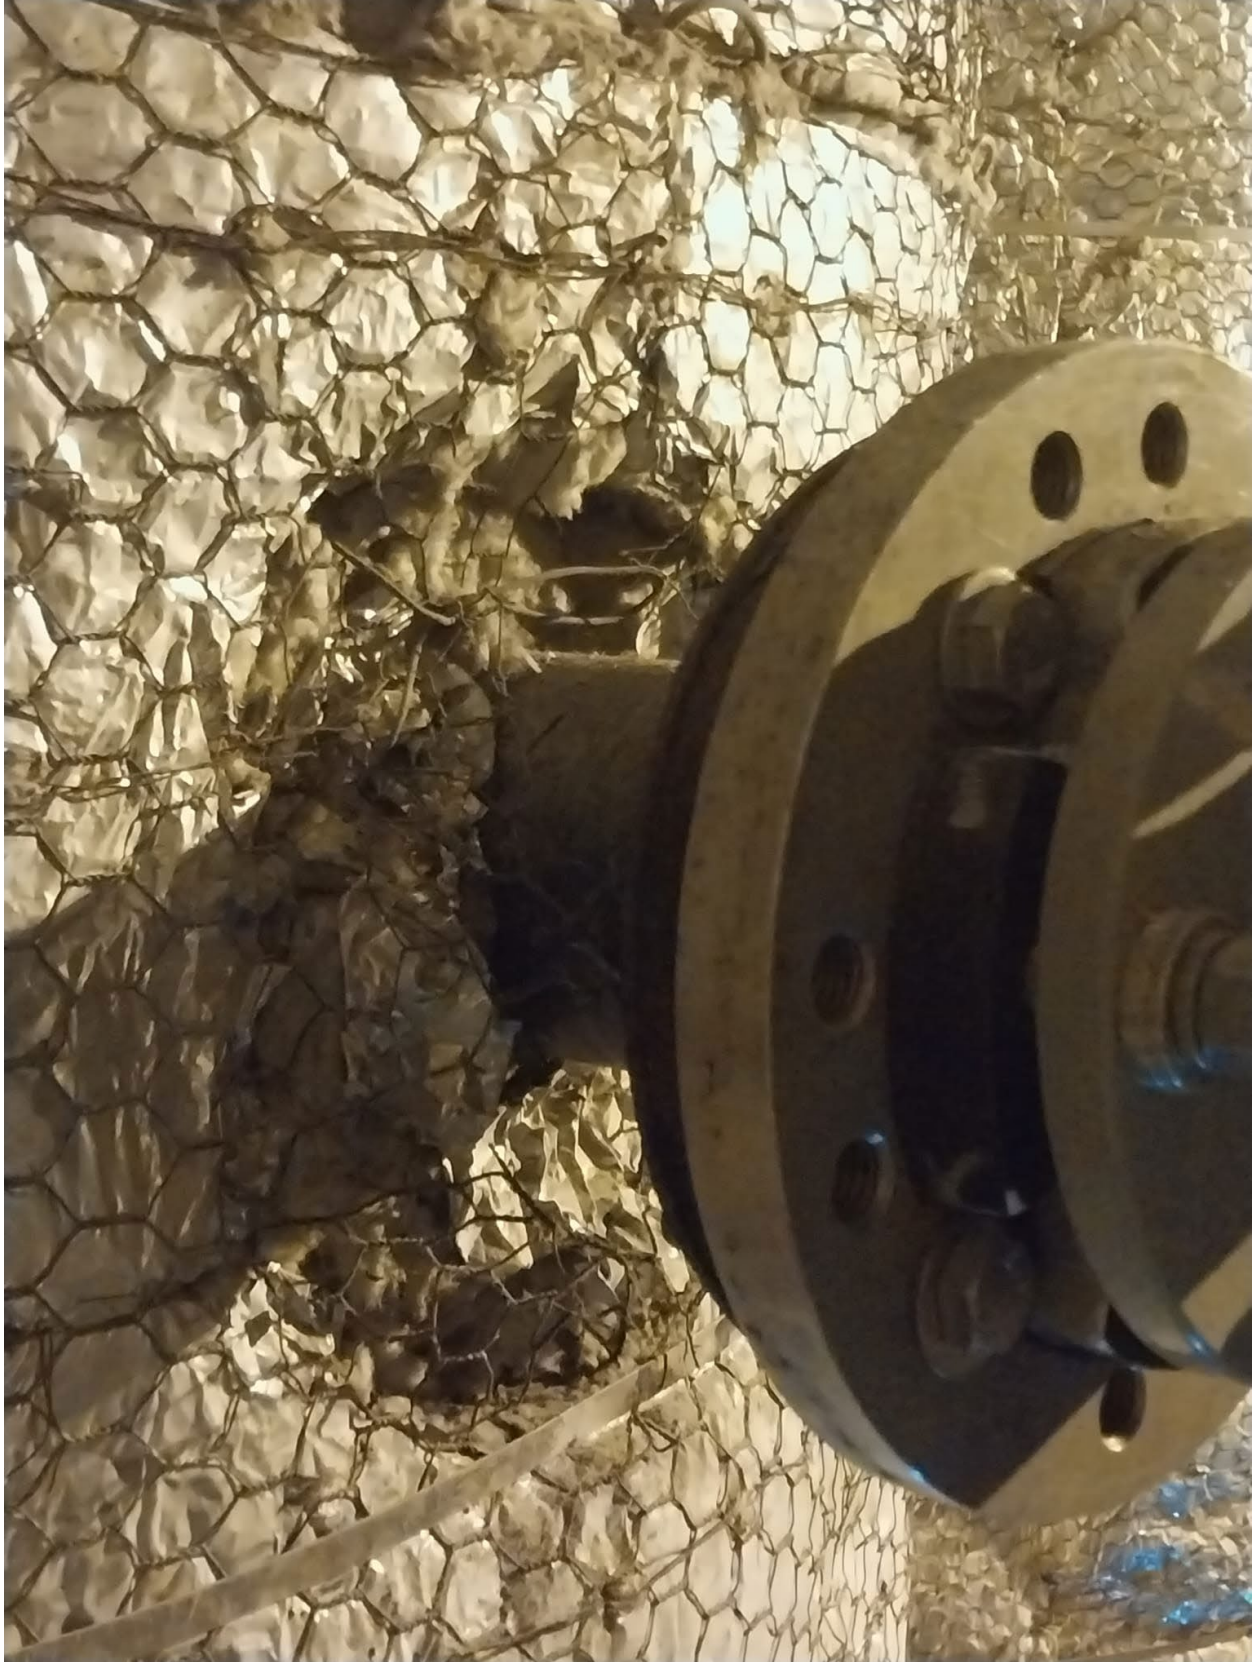

Question 2 from Addendum 2

Annex C section 4 refers to Dust Monitor. This device installs in the stack. For that purpose we request information regarding ports available in platform level in the stack. A photo and data on port size and number would do.

Answer to Question 2 – Added Information

Attached are photos of the existing equipment referred to in Question 2 which was answered in Addendum 2.

Note: The RFP Timetable modified under Addendum 1 remains unchanged by this Addendum.
