Introduction to Your Rights under Public Access to Information

This document is the Information statement for the Board of Chiropodists (the Board). In accordance with the Public Access To Information (PATI) Act 2010, every public authority has a legal duty to maintain an Information Statement. The Board is established and governed by legislation under the Ministry responsible for Health.

The purpose of the PATI Act and this document is to make information readily available to the public without the need for specific written requests, to encourage authorities to proactively publish information and to develop a culture of openness. Every person who is a Bermudian, or resident of Bermuda, has a right to access any record held by a public authority unless it is exempt. Several classes of information are exempt, including: Personal information (unless it relates to the requestor); Sensitive commercial, information received in confidence; Operations and deliberations of Public Authorities; Cabinet, Ministerial and Governors documents; and Legal documents. However, these exemptions are subject to the public interest test, except those that would be in contempt of Court, infringe Parliamentary privilege or are prohibited by other legislation [see sections 21 to 40, PATI Act]. In addition every person has a right to amend their personal information if it is incomplete, incorrect or misleading [s19, PATI Act].

How to make a request

Requests for information, or to amend your personal information, must be made using the application form, and submitted in person to the Ministry Information Officer. See Section G for how to make a request including the documents needed, record specificity, contact information and process timelines.
