APPENDIX C – PRICING

1. Instructions on How to Provide Pricing

- (a) Proponents should provide the information requested under section 3 below (“Required Pricing Information”) by reproducing and completing the table below in their proposals, or, if there is no table below, by completing the attached form and including it in their proposals.
- (b) Pricing must be provided in Bermuda funds, inclusive of all applicable duties and taxes.

2. Evaluation of Pricing

Pricing is worth 30 points of the total score.

Unless stated otherwise in the RFP documents, the Agreement shall be for the whole works as detailed in these documents and based on the completed pricing information, as submitted by the proponent.

The proponent shall fill in separate prices for all items of works described in the Price Breakdown. Items against which no price is entered by the Proponent will not be paid for by the Government when executed and shall be deemed covered by the other lump sum prices in the Price Breakdown.

Pricing will be scored based on a relative pricing formula using the rates set out in the pricing form. Each proponent will receive a percentage of the total possible points allocated to price for the particular category it has bid on, which will be calculated in accordance with the following formula:

Lowest Price divide by Proponent's Price multiplied by the weighting = Proponent's pricing points.

In addition to any rights to verify, clarify and supplement,

If the proponent does not accept the correction of errors, its Bid will be rejected. If there is a discrepancy between words and figures the amount in words will prevail;

- (ii) Where there is a discrepancy between the amounts in figures and in words, the amounts in words will govern; and
